

## MONTIER KESS

creative + strategist + developer

### About

A creative that has experience in Agile Methodology, SDLC, UML/Object-Oriented Analysis + Design and Information Systems Documentation. I have 18 months of agency experience as a front-end developer coding email campaigns, landing pages and wordpress websites; four years of freelance experience coding websites and seven years of experience working in research and development, DOD, manufacturing and healthcare organizations. In addition to engineering and developer experience, I've also worked on projects where I have provided strategy and consulting to clients.

**I am now looking for a full-time opportunity and/or freelance work**

### Tools

I have an intermediate understanding of Sketch, Photoshop & Illustrator. I like to save my work online (github). Fave tools: EOA, JIRA, Trello

I've played around with Ruby on Rails, Meteor.js and Angular.js. Most of my daily work is HTML/CSS, JavaScript.

My ideal frameworks right now are Jekyll and Wordpress. I like using sass and creating design systems.

### Education

General Assembly, 2014

FEWD8

Morgan State University, 2013

M.S. Systems Engineering

Morgan State University, 2010

B.S Industrial Engineering

### Work

#### **Developer @ HAVAS – 2016 to 2017**

producing emails, banners, and landing pages; also provided strategy for team when dealing with internal bottlenecks; assessing overall strategy to maximize performance; created a new process to decrease the time spent in the email and website project life cycle

#### **Developer @ SVNCRWNS – 2013 to present**

providing web development services for my own freelance company.

#### **Systems Engineer @ Actionet – 2014 – 2015**

testing / QA of public health web applications.

#### **System Architect @ KSJ&Associates – 2013**

completed system documentation after analyzing and testing a government defense application.

#### **Systems Engineer @ Wyle I.S. – 2011**

completed sharepoint environment migrations
